The information was very informative and understandable.
But do not want the railroad at all

4. What additional comments about the proposed rail reactivation would you like to add?

I live in the area where the railroad will be. I strongly oppose this railroad due to the noise, smell and the health effects and also the effects it will have on the environment and the animals in the woods. I strongly believe this decision will ~~harm~~ ^{harm} many aspects of life. Please consider if you lived in a small community would you want this by your home??? I don't think you would. Please many people do not want this change in our community.
